

# A Detailed Comparison between iMRS 2000 Complete/Pro and Bemer® Classic/Pro.

The iMRS 2000 and Bemer therapy systems are the two top selling full body PEMF therapy devices worldwide.

Both use lower and safer intensities and both have a full body mat and local applicators along with several accessories.

The comparisons that follow use technical specs from both companies directly. The main specs are the frequencies, the intensities and the waveforms used. Information below from iMRS 2000 Users' manual and Bemer.com website and FAQ pdf.

In this detailed comparison we have stuck with the facts as listed in both products company brochures and websites.

Features*	iMRS 2000 (technology used in Omnium1 Mat by Swiss Bionic)	Bemer Classic Set & Pro Set
#1 - Earth Frequencies	✓	✓
#2 - Biorhythm Clock	✓	✗
#3 - Higher Intensity Pain	✓	✓
#4 - Sensitive Setting	✓	✗
#5 - Graduated Intensity	✓	✗
#6 - Pure Pulsating Fields	✓	?
#7 - Sawtooth Wave	✓	✗
#8 - Proven Square Wave	✓	✗
#9 - Switch Polarity	✓	✓
#10 - Light and Sound Option	✓	✗
#11 – Biofeedback	✓	✗

<b>Frequency</b>	4 Settings Based on Biorhythms (.5 Hz / 3 Hz / 5.5 Hz / 15 Hz)	Only 2 Setting (10 Hz & 33 Hz)
<b>Waveform</b>	Sawtooth Mat/ Squarewave Pillow & Probe	Complex Sinusoidal
<b>Cost Basic System</b>	Starts at about \$3000 U.S. and \$4000 in Canada (for Omnium1) using iMRS Technology	\$5000 U.S. for the Classic System, \$7000 for Professional (approximately \$6,500 Canadian and \$9000 Canadian)
<b>Manufactured</b>	Germany	Liechtenstein

Pulsed Electro Magnetic Field (PEMF) devices for home use have been on the market for nearly two decades. Swiss Bionic Solutions, the only company in the world with its own in-house research, engineering, development, and manufacturing divisions, is the world leader in PEMF systems for home use. Our legendary MRS 2000 + series of products have been on the market for 20 years, with an estimated 500.000 daily users worldwide in 35 countries.

Our recently most modern iMRS-Series is the culmination of more than 15 years of experience in PEMF and energy medicine and more than 1 billion in-home applications/year worldwide (Note: 500,000 systems x 2 user x 3 applications/day x 365 days = 1,095,000,000 applications/year). With the innovation of the iMRS people have the opportunity to access a wide range of additional options for the first time in history (iSLRS with two additional components of the light spectrum, iGUIDE with a virtual catalog of preset program sequences and iMORE technology).

The iMRS® Systems are listed and regulated by the FDA and by Health Canada. However, these systems are not intended to diagnose, cure, treat, mitigate or prevent any particular disease. No sales partner of Swiss Bionic Solutions is allowed to make any specific health claim aside from the legally authorized intent of use. MRS 2000+ designo®, SkinDream®, iMRS®, intelligent wellness® and Omnium1 - intelligent lifestyle® are registered trademarks of Swiss Bionic Solutions

We heard directly from Wolfgang Jaksch, Founder of Swiss Bionic – in a Workshop in Vancouver, BC March 2017

Swiss Bionic is #1 in the World, with 1.5 Million users and 7,000 Reps worldwide. They have been in business for 20 years.

Out of the 250 PEMF Manufacturers worldwide, Wolfgang (Founder and CEO of Swiss Bionic) says that 240 of them are not electrically safe (no CE certification) and that Swiss Bionic is the only one compliant and certified by Health Canada as a “Medical Device” (other companies don’t have the money to seek certification as it takes lots of work, documentation, money and clinical evidence). It is technology proven by NASA and Recognized by the FDA, as well.
